

July 9, 2019

On Thursday, 6/20, in a partnership event with Redbery, we welcomed Hudson-area writer Jim Guhl who offered a presentation on his recently published fiction title ELEVEN MILES TO OSHKOSH. His title was published by the Wisconsin Historical Society in 2018.

\* The Facility Development committee and additional interested parties had a meeting with Keller Builds on 6/28 which was also attended by our Keller liaison Devin Flanigan and the Keller architect, Rob Lindstrom. This was an opportunity for Lindstrom to explain to us his reasons for changes made to the Facility Expansion plans documents between preliminary and present plans. These are, still, the same plans we reviewed with our communities on June 6th. The plan is larger, based on projected community size and needs and to accommodate the existing collection should something happen to the log cabin library.

\* Director Lendved has met with Sherry Machones, Director of the Northern Waters Library Service to develop another size needs assessment from the library side of things. Same should be available to us by the end of the month.

\* Hope you saw us in Cable's 4th of July Parade...and maybe grabbed one of the mini Tootsie Rolls we tossed!

\* Next Thursday, 7/18, Yulia Welk will offer a Makerspace event: Harvest your own tea. It will be at 6:30 at the library. We'll take a walk around town and look at the plants we could be harvesting and drying for winter tea.

\* We hope that you'll plan to attend our upcoming Novel Affair on Sunday, July 21st, from noon until 4 on library grounds and on Book House grounds. This is another opportunity to look at our plans and talk to us about them, but, you can also listen to the Mois Bois, a fun local band, purchase yummy lunch from The Bomb Dog food truck, bring your device and check in with the Wiz Kidz tech mentors in the library as well as a few other fun things we have planned. Bring a lawn chair! But, please...DO STOP BY.

\* As always, to keep track of what we're up to, stop in at the library, follow us on Facebook or check out our website, [forestlodgelibrary.org](http://forestlodgelibrary.org). We are grateful for the strong support of our communities.
