Class A special Use permit for Shoreland Grading for Drew Mosessner and Amy Clayton was discussed. Karl Kastrovsky presented the plans and did a great job helping everyone understand the need for the permit. The Comprehensive Planning Commission recommends approval of this permit to the Namakagon Town Board. Larry P Motioned Ruth G Second

On request from Jim K, Karl Kastrovsky discussed the zoning and state requirements for the boat house built on the north end of Garden lake as well as the shoreland grading regulations. It fell under an administrative permit which does not require town or county approval.

Jim K updated the meeting attendees on continuing lack of two way communication issues with Bayfield County Zoning. There is a meeting to discuss these issues on July 15 with the Bayfield County Board, Bayfield County Zoning and the Town of Namakagon Board. Hopefully progress in resolving these situations will be made.

Next scheduled meeting if needed is Wednesday August 4th at 7:00 p.m. at the Namakagon Town Hall

Meeting adjourned at 7:34 p.m. Motion Ruth G Second Linda K
