

Report to Town of Cable & Namakagon:

March 2024

- March activities happening at the library:
 - STEAM and Storytime – two Thursdays this month from 4-5pm
 - Thursday, March 7th – theme: Mazes
 - Thursday, March 28th - theme: Birds & Bird Feeders
 - Adult Makerspace
 - St. Paddy’s Day Gnomes
 - Trivia Fun/Activities with Senior Meals at UCC
 - Provide a short activity at the table – trivia questions for participants to do before and after the meal
 - Twice a month – whenever Senior Meals has been held

- Northern Waters Library Staff from the headquarters came and did some training and refreshers with all staff on library duties that included cataloging with our Sierra system, and WISCAT (which allows us to get books from outside of our Northern Waters Library System). They were happy to come and work with us and we were happy to have them in person with us, not only for training but to be able to ask questions.

- We have a few lights that are going out, but I have been in touch with Rich Jaworski at the CNHM to help to remedy the situation. He is looking into having some new wiring done so that our lights can be switched out from fluorescent to LED.

- Planning is in the works for summer – will have a reading program for all to participate in as well as the Northern Waters Library Service’s Passport Program that was held last year.
