**Namakagon Community Club  
and Town of Namakagon Volunteer Fire Department**

October 2, 2025

Dear Residents,

On behalf of the Namakagon Volunteer Fire Department, we want to thank you for all the donations over the years. Your tax free donations do make a difference for our community and you help the department keep its annual budget to a minimum.

Your donations, over the years, have allowed our department to purchase: an ATV for off road rescues, UTV with wild land suppression gear and trailer, boat, and motor for water rescue. We have a truck and ultra high pressure system, for initial responses for vehicle accidents and fire calls. At this time, the department needs to purchase a tanker/pumper to replace the 1984 tanker that has well served this department. The new tanker/pumper carries 2000 gallons of water and is capable of pumping water but also has a hydraulic lift for the portable tank and front mount spray nozzle giving us the ability of one operator to attack the fire before additional personnel arrive on scene.

Currently, the department is in need of approx. \$200,000 we have the cost of the chassis covered. What is not raised the town will need to take a loan to cover the remaining balance of fire truck. Last year, community donations totaled \$21,849 and at their annual pancake breakfast they raised just over \$4000.

Your support does make a difference so, please, come out and support them. You may stop by the department or call the town to schedule a tour or stop in for their annual pancake breakfast and open house. The pancake breakfast will be held on May 24, 2026 and their open house is on June 6, 2026. At the open house bring in your fire extinguisher for service. Protective Services checks all fire extinguishers at no cost to community residents.

Thank you, in advance, for any donation this year and know that all personal information is kept confidential. Please use the tear off below and upon receipt of your donation a tax exempt letter will be mailed to you.

Sincerely,

Robert Rasmussen	Dave Haan
Town Chairman	Namakagon Fire Department Chief
