Action Items

1. There was considerable discussion regarding the content and drafting of a letter by Randy Lueth to the County concerning the signage and crosswalk marking of crosswalks on County Highway D. for The Yellow Day Saloon, The Pla-More Bar and Restaurant, and The Loon Saloon. The letter is being written. Linda Kraft will do a final review.
2. The above discussion led to a broader discussion of signage on County Highway D. Signage such as "Share the Road", additional speed limit notices, and the Co, Hwy D boat landing on Lake Namakagon. Boat landing signage request apparently goes to the county which sends it to the DNR. Eventually the property management person from the county gets involved.

Other Discussion:

1. The Town of Namakagon scheduled for a property assessment in 2027.
2. Cell Tower update – The current tower is ~195 feet tall. The addition will bring it to 300+ feet. The base of the tower is certified to 400 feet. The tower is owned by K2 Towers III, LLC. Cell phone companies lease space on the tower.

Old Business: No action was taken on old items including the assignment to review Chapter 9, page 26 of the 2019 Comprehensive Plan. Tabled until the next meeting.

Public Comment: None

Meeting adjourned: at ~8:00 P.M.
